Communications- none

Old Business:

Replacement members for Jim Pelletier and Denise Swan still needed

New Business:

With the resignation of Jim Pelletier, it was decided to vote on a new chairperson at the March 7th meeting. In the interim, Carole Cipriano has agreed to step in as acting chairperson. Motion to accept by Sharon, second by Linda H

The recent article in the Bee regarding the expansion of the Greenway at Woodside was discussed. The Greenway Committee recommends that the committee is involved in all future planning. We would like to see the Greenway expanded to meet up with the Larkin Trail. A member will discuss this with St John for further steps needed to make this happen.

Linda B suggested that the money from the Garden Club be used towards a meditation garden in the Steinman Ave area of the Greenway.

Members have noticed that many of the signs on the Greenway are still missing. With the emergence of hoverboards, it is recommended that the signs saying "No Motorized Vehicles Allowed" be replaced. A concern for liability issues was raised.
