## Department of Social & Elderly Services

### Mission Statement

The Department of Social Services and Elderly Services is a focal point for all town residents who seek public services. We provide aid in time of crisis, both financial as well as service oriented. We furnish state-administered programs through referrals in order to see that each resident is provided with a standard in conducting their lives.

To the elderly community we are constantly seeking to improve their quality of life by educating them in new concepts of living. We keep our elderly active in the community through volunteerism as well as educational and recreational programs. We continue to keep them up to date through informative group

sessions which

enhance their personal development.

As changes occur in our world, our goal is to re-adapt programs so that our citizens can keep in step with the rest of the community.

## A MESSAGE FROM COMCAST:

As the country continues to grapple with the COVID-19 pandemic, Comcast recognizes we play an important role in helping our customers stay connected – to their families, their workplaces, their schools, and the latest information about the virus – through the Internet.

Comcast recently announced that it will extend the below-listed commitments for Xfinity customers through **June 30<sup>th</sup>** to help ensure students can finish out the school year from home and remain connected to the internet during the COVID-19 crisis:

**No Disconnects and Waiving Late Fees:** We will not disconnect a customer's Xfinity Internet, Xfinity Mobile, or Xfinity Voice service, and we will waive late fees if they contact us and let us know that they can't pay their bills during this period. Our care teams are available to offer flexible payment options or help find other solutions.

**Xfinity Wi-Fi Free for Everyone:** Xfinity Wi-Fi hotspots in business and outdoor locations across the country will be available to anyone who needs them for free – including non-Xfinity Internet subscribers. For a map of Xfinity Wi-Fi hotspots, visit [www.xfinity.com/wifi](http://www.xfinity.com/wifi).

**Pausing Our Data Plan:** With so many people working and educating from home, we want our customers to access the internet without thinking about data plans. While the vast majority of our customers do not come close to using 1TB of data in a month, we are pausing our data plans to give all customers unlimited data for no additional charge.

**Internet Essentials:** Internet Essentials is the nation's largest and most comprehensive broadband adoption program. We are extending our offer of 60 days of complimentary service for new customers that sign up by **June 30<sup>th</sup>**. Internet Essentials is normally available to all qualified low-income households for \$9.95/month. In addition to the 60 days of complimentary service, Comcast is also temporarily offering amnesty to low-income households who would otherwise qualify for Internet Essentials but have a past due balance that is less than a year old. Comcast will offer amnesty for that debt for the purpose of connecting to Internet Essentials, so long as the customer meets all the other eligibility criteria. For more information, visit [www.internetessentials.com](http://www.internetessentials.com).

**For more information and updates from Comcast related to Coronavirus, visit any of the below-listed links:**

**Network Performance Website:** Information about Comcast's network, the steps taken to ensure reliability, and additional measures Comcast is taking to keep everyone connected can be found here: <https://corporate.comcast.com/covid-19/network>

**Collection of Comcast's COVID-19 Responses and Activities:** All of Comcast's COVID-19 responses and activities can be found here: <https://corporate.comcast.com/covid-19>.

Comcast employees live and work in the communities we serve and we all share the unified belief that it's our company's responsibility to step up and help during this unprecedented and challenging time. I hope this information provides some reassurance and comfort that Comcast is here to support you, our customers and communities we serve.

#### Towns offer taxpayers relief

Woodbury, Middlebury, Southbury, Bethlehem have plans

Woodbury, Middlebury, Southbury and Bethlehem have joined several area towns in approving tax relief plans to help residents facing financial hardships during the COVID-19 pandemic.

Bethlehem selectmen at their meeting last week and Woodbury selectmen at their meeting earlier this month approved 90-day tax deferment plans that give property owners until Oct. 1 to pay personal property and motor vehicle bills without any interest or penalties. Most tax bills would normally be due July 1.

Watertown recently approved a similar plan, and it also defers for 90 days monthly water and sewer bills for residents there.

Homeowners that have house tax payments through mortgage escrows are not eligible for the deferment.

Woodbury First Selectman Barbara K. Perkinson said those choosing to take advantage of the deferment should remember that before or by Oct. 1, "people still have to pay their taxes." Bethlehem selectmen issued a letter to residents outlining the deferment option, reminding them that if taxes are not paid by Oct. 1, a 6% penalty will be applied.

In Middlebury and Southbury, selectmen approved a low-interest tax relief program at their meetings earlier this month.

This plan gives taxpayers who may be delinquent in their real estate, personal property or motor vehicle taxes this coming year an interest rate of 3% annually, .25% monthly for the first 90 days.

### PRESS RELEASE FROM STATEWIDE LEGAL SERVICES:

Statewide Legal Services of Connecticut, Inc., ("SLS") the state's only legal aid hotline serving all 169 cities and towns, announces that it continues to work remotely during the pendency of the COVID-19 crisis. SLS's experienced attorneys and advocates guide individuals with legal questions about health care access, public benefits, housing, unemployment and other problems, and also refer cases to other legal aid programs or to volunteer attorneys. To contact SLS, call the toll-free hotline, **1-800-453-3320** (or from Middletown and Hartford, 860-344-0380), Monday through Friday, from 9:00am to 12 noon and 1pm to 3pm.

Individuals may also apply for help by submitting a confidential, online application of legal assistance to <http://apply.slsct.org/>.

COVID-19 has impacted our state in many ways, including those who need legal assistance with legal issues. In response to ongoing challenges caused by this epidemic, almost daily changes are being made to court and state agencies' operations, to public benefits programs, and more. Statewide Legal Services of Connecticut, and its regional Legal Aid Network partners—Connecticut Legal Services', Greater Hartford Legal Aid, and New Haven Legal Assistance—are currently tracking these changes. Connecticut residents are urged to visit the network supported website, [CTLawHelp.org](https://ctlawhelp.org/en/coronavirus), for COVID-19 related updates at <https://ctlawhelp.org/en/coronavirus>.

## American Red Cross

The American Red Cross is launching a virtual Family Assistance Center (vFAC), a website where **individuals or family members who have lost a loved one to COVID-19** can identify the community resources that may be available to them. Given their collective experience and well-established response and recovery structures, **Connecticut will be among the first locations in the country to roll this out** with a goal of being on-line early in May. The rest of the country will go live later in the month.

Due to the nature of the COVID-19 pandemic, **a traditional Family Assistance Center is not a safe option.** This website is intended to be a virtual equivalent. To access the site, a person will visit [redcross.org](https://redcross.org) and enter their zip code – they will be directed to the **Connecticut Red Cross page** where they live. From there, they can access the resources available in the family assistance center.

In alignment with the **Connecticut's response and recovery framework** and in collaboration with 211, CT VOAD, and other state and local partners, the largely self-service website will be populated with applicable local, state and national resources.

A person will also have the option to call a special American Red Cross emotional support hotline established to support those who have lost a loved one. In addition, a person can also request a future call from the local response team. In that case, a Red Cross worker will contact the person, provide appropriate support, assess their needs, and provide a referral to a participating organization if needed. *Note: this is a similar process to how our disaster action team members work collaboratively to help families recover from more traditional local disasters.*

Keeping citizens informed.

The Town of Middlebury has adopted Code Red which is a public notification system for emergency information. It notifies the public of road closures, fires, floods, missing children and other emergencies.

Code Red is a geographically based system. This means that anyone with a code Red app can get notifications anywhere they travel.

To be included in Code Red, you must enroll: go to the town's website [www.middlebury-ct.org](http://www.middlebury-ct.org) and click on the "Community" tab. Then click on the Code-RED logo. Please provide your phone number(s) and text and email information. The town was provided a database of some numbers for residents, but no one should assume their numbers are among those the town already has. Those without computers can go to the assessor's office or the Middlebury Public Library and get help registering for Code-RED.

## Connecticut insurance commissioner reminds that all insureds are eligible for no-cost COVID-19 testing and treatment

Connecticut Insurance Department Commissioner Andrew N. Mais is reminding all insureds in the state that all out-of-pocket costs for testing and treatment of COVID-19 have been removed.

“Our insurance industry here in Connecticut has answered the call and responded to help protect those most affected by our current crisis,” **Commissioner Mais said**. “Thanks to recent changes in federal law, employer-based plan sponsors are required to follow suit and remove all cost sharing for testing and treatment for their workers and their families.”

Department of Social Services Commissioner Deidre S. Gifford also praised the state’s insurance carriers and noted that public health coverage is also available to Connecticut residents who qualify.

“In the regular Medicaid and the Children’s Health Insurance Program, together known as HUSKY Health in Connecticut, we are fully covering COVID-19 testing and treatment without any cost-sharing,” **Commissioner Gifford said**. “In addition, HUSKY Health is now covering COVID-19 testing for uninsured Connecticut residents who are US citizens or have a qualifying immigration status, regardless of income; and covering COVID-19 testing for residents without a qualifying immigration status if they meet HUSKY income requirements and have COVID-19 symptoms.”

## Eversource's Matching Payment Program:

Allows you to maintain year-round electric and gas service and possible elimination of back balances, if you qualify and pay an agreed-upon amount on time each month.

Here's how it works.

Eversource, through the Matching Payment Program, will match your payments once you are approved for and receive energy assistance from [Connecticut Energy Assistance Program \(CEAP\)](#). For every dollar you pay toward your bill, a dollar will be credited to your past-due amount.

So, you pay a portion, energy assistance pays a portion, and Eversource pays a portion. Making all required payments in the Matching Payment Program protects your household from shut-off, in addition to getting the payment match.

To be eligible:

- You must be a current Eversource residential customer and heat your home with electricity or natural gas.

Your household income must be at or below 60 percent of the estimated state median income:

**Household Size** – includes homeowners and renters that pay separately for heat, and renters whose heat is included in the rent, as long as more than 30% of gross income is paid towards rent.

1 person \$36,171	2 person \$47,300
3 person \$58,430	4 person \$69,559
5 person \$80,688	6 person \$91,818
7 person \$93,905	8 person \$95,991

- You must have CEAP energy assistance funds applied directly to your Eversource account.

You must continue to pay your payment arrangement amount on time each month.
