#### Department of Social & Elderly Services

#### **Mission Statement**

The Department of Social Services and Elderly Services is a focal point for all town residents who seek public services. We provide aid in time of crisis, both financial as well as service oriented. We furnish state-administered programs through referrals in order to see that each resident is provided with a standard in conducting their lives.

To the elderly community we are constantly seeking to improve their quality of life by educating them in new concepts of living. We keep our elderly active in the community through volunteerism as well as educational and recreational programs. We continue to keep them up to date through informative group sessions which enhance their personal development.

As changes occur in our world, our goal is to readapt programs so that our citizens can keep in step with the rest of the community.

# Weather in January in Middlebury

The average temperature in Middlebury in January year of 2023 is +34°F. Interesting that the average daytime temperature is +36°F while the average nightly temperature is +30°F. The January hottest day is the 28th January (Afternoon) with a temperature of about +55°F. The coldest day in Auckland in January 2023 is 30th January (Overnight). The temperature at that time is +12°F.

As an Occasional cloudy month, January 2023 has 9 days with precipitation. From the Farmer's Almanac

"What we hear more often than not is how much snow will you get? When will the winter storm warnings start? (And when will it end!?) Well, according to our extended forecast, there should be quite a few significant winter weather disturbances nationwide in 2022-2023. A few of these dates include:

1) The first week of January in the Rockies and across the Plains. During this time, we see good potential for **heavy snow that may reach as far south as Texas and Oklahoma, followed by a sweep of bitterly cold air.** 

2) January 16-23, we'll raise another red flag for bouts of heavy rain and snow across the eastern two-thirds of the country followed by what might be one of the coldest outbreaks of arctic air we have seen in several years. How cold? Try 40 degrees below zero!"

## Message from our Nurse Diane Morotto:

## NEW YEARS RESOLUTIONS FOR SENIORS

The new Year is a chance to make changes, live a healthier life and feel better and happier about you!

Simple changes can and may have a positive impact on your health and overall well being. So, consider these simple changes:

- 1. Improve your diet: as we get older we need fewer calories from healthier foods. You can eat meat or fish with less fat, such as chicken, turkey, salmon or tuna. You can increase your deep colored fruits and vegetables like spinach, kale, carrots and oranges. Your can eat less processed sugar foods like desserts. You can chose fiber rich carbs like whole grain bread, pasta or brown rice.
- 2. Get more active: since, with aging, comes a loss of muscle mass and mobility. Good examples are yoga, tai chi or just walking. If you have aching joints you can give aqua aerobics a try.
- 3. Give your brain a workout. Reading is a good choice. Also socializing more gives your brain a boost. Consider a fun group or club at the library or senior center. Remember that laughter is the best medicine.

Start the New Year off on the right foot. Set yourself a goal that will increase your quality of life in one way or another.

Always try to keep a positive attitude and plan for the future

Have a healthy and happy 2023!

#### **In This New Year**

Another new year comes Leaving behind a history Of challenges, losses, successes With much moving forward with its stress-

> es And clouds of uncertainties...

As we face the inevitabilities That happen by nature or human will Of what must be - though shouldn't Of what will be - with resigned consent There is one thing we have...

In our hearts and minds We have something powerful called Hope So let us Hope for ourselves and others For our nation's sisters and brothers And for global peace between us all.

MIDDLEBURY FOOD BANK 1172 Whittemore Rod Middlebury, CT 06762 203-577-4166 jcappelletti@middlebury-ct.org

The Middlebury Food Bank Celebrates Selection as a Stop & Shop Bloomin'4 Program Beneficiary.

Middlebury CT – Middlebury Food Bank has been selected as a beneficiary of the Stop & Shop Bloomin' 4 Good Program for the month of January.

The Stop & Shop Bloomin' 4 Good Program, which launched in February 2021, is an easy way for shoppers to give back. Every \$10.99 bouquet in the sleeve marked "Bloomin'4Good" sold supports a hunger organization local to the Stop & Shop in which it was purchased.

Middlebury Food Bank was selected as the January beneficiary by local store leadership at the Stop & Shop located at 727 Rubber Ave in Naugatuck CT. The Middlebury Food Bank will receive a \$1 donation for every \$10.99 bouquet in the sleeve marked "Bloomin' 4 Good" purchased at this Stop & Shop location in January.

"Flowers can make someone's day, brighten a room or spread a smile," said JoAnn Cappelletti, Executive Director of the Middlebury Food Bank. "Now they can fight hunger, too. Purchase a Blomin'4Good Bouquet at the Naugatuck Stop & Shop in January to help fight hunger. "Every bouquet sold will feed 10+ people in need."

#### Social Security Checks to Jump

#### Analysts expect biggest benefit bump in 40 years!

Social Security beneficiaries struggling with inflation will be helped by the biggest cost of living increase in 40 years, beginning in January 2023, experts predict.

"If nothing else happened, the increase would be 9%," says David Enna, creator of the independent website Tipswatch.com, which tracks inflation-protected financial instruments. Other experts put the likely increase between 8 and 11%. All say it is the largest in decades.

That is good news for many older people dealing with inflation. "Social Security is the only guaranteed inflation-adjusted source of income most American workers can count on during retirement," says Bill Sweeney, AARP senior vice president for government affairs.

The cost of living adjustment (COLA) is based on the difference from last year to this year of a three month average (from July to September) of the Consumer Price Index for Urban Wage Earners and Clerical Workers, known as CPI-W. Benefit checks rose 5.9% in January 2022. The increase you receive would not just be for one year, that becomes your new base.

High inflation could affect the health of the Social Security trust funds. Trustees in May predicted the funds would have enough money through 2035. Experts say high inflation would mean more money paid out of the funds with more money coming into the funds from taxes on worker' wages.

## SOME MEDICARE PREMIUMS TO DROP

\$164.90 Medicare Part B's standard monthly premium in 2023

Medicare PART B's premium will fall to \$164.90 in 2023, a \$5.20 decrease from this year—welcome news after 2022, when the Centers for Medicare and Medicaid Services (CMS) hit beneficiaries with the highest-ever increase.

Bart B covers doctor visits, diagnostic tests and other outpatient services. Most Medicare beneficiaries have Part B premiums deducted directly from their monthly Social Security payments, which will rise next year by 8.7% because of this year's inflation.

There is more good news for some Medicare users: The average monthly premium for a Medicare Advantage plan is expected to decrease to \$18 in 2022, down nearly 8% from 2022. CMS projects that 31.8 million people will be enrolled in these private insurance plans in 2023.

CMS also announced that the average monthly premium for Part D prescription drug plans will decrease slightly, from \$32.08 in 2022 to \$31.50 in 2023.

And the annual Part B deductible for 2023 is also decreasing to \$226. That's a \$7 decline.

## Walking May Cut Dementia Risk

That step counter on your smartphone could improve your chances of avoiding dementia, according to a large-scale study recently

published in MAMA Neurology.

The key finding: Walking 9,8000 steps a day reduces your risk of cognitive impairment by as much as half. And walking 3,800 steps a day improves your chances of avoiding dementia by 25%.

Researchers in Australia and Denmark monitored the daily step counts of more than 78,000 adults between ages 40 and 79. After a seven year period, researchers found a lowered risk of cognitive impairment among those who hit the step goals.

"I think this reinforces recommendations that we can make to people that walking is likely to be beneficial," says Ronald Petersen, M.D., director of the Mayo Clinic Alzheimer's Research Center.

#### <u>Eversource's</u>

#### Matching Payment Program:

Allows you to maintain year-round electric and gas service and possible elimination of back balances, if you qualify and pay an agreed-upon amount on time each month.

Here's how it works.

Eversource, through the Matching Payment Program, will match your payments once you are approved for and receive energy assistance from <u>Connecticut Energy Assistance Program</u> (<u>CEAP</u>). For every dollar you pay toward your bill, a dollar will be credited to your past-due amount.

So, you pay a portion, energy assistance pays a portion, and Eversource pays a portion. Making all required payments in the Matching Payment Program protects your household from shut-off, in addition to getting the payment match.

To be eligible:

• You must be a current Eversource residential customer and heat your home with electricity or natural gas.

Your household income must be at or below 60 percent of the <u>estimated state median income</u>:

fi i

fî.

**Household Size** – includes homeowners and renters that pay separately for heat, and renters whose heat is included in the rent, as long as more than 30% of gross income is paid towards rent.

• You must have CEAP energy assistance funds applied directly to your Eversource account.

You must continue to pay your payment arrangement amount on time each month.

If you cannot afford your required monthly payment, please call us at 800-286-2828 to see if you qualify for a reduced payment (Below Budget Payment). If you're eligible, we will refer you to your local Community Action Agency to help you process an application (Below Budget Worksheet).

#### YOUR SOCIAL SECURITY CHECK IS GETTING BIGGER

(just in time)

Beginning next month, Social Security beneficiaries will receive 8.7% increase in monthly checks—a welcome relief for retirees fighting the ravages of inflation.

This is the largest cost-of-living adjustment (COLA) since 1981 and will add \$146 to the average retired Social Security recipient's monthly benefit, says the Social Security Administration.

The agency began adjusting Social Security benefits for inflation in 1975 to ensure that the buying power of monthly checks did not evaporate as prices inevitably rose.

The amount of the adjustment is the difference between the average consumer price index for urban wage earners and clerical workers for the third quarter of 2022 from one year to the next. That's economist talk for the rise in price of select goods and services tracked by the U.S. Bureau of Labor Statistics.

These larger Social Security checks will reach millions of older Americans who have seen their cash needs grow these past few years due to levels of inflation not seen in decades. The extra money can be a critical lifeline for those on fixed incomes. How critical? Social Security is the largest source of retirement income for most Americans. It provides nearly all income for 1 in 4 seniors. The guaranteed benefit that Social Security provides is essential to their livelihood.

People collecting SSDI or SSI that Social Security administers for people largely unable to work, will also get the increase, as will veterans who receive disability benefits and retirement pay.

In addition to this increase, the Centers for Medicare and Medicaid Services announces a rare decrease in Medicare Part B premiums and deductibles. Also, for those enrolled in Medicare art D, most vaccines will be free and insulin copays will be capped at \$35 per month.

#### SHOP SAFELY ON SOCIAL MEDIA

#### Not all the deals in your feed are legitimate

You're strolling through Facebook, etc., and an ad pops up for the perfect item you need! The problem is that what you see isn't what you get. The Federal Trade Commission says 45% of the social media scams it recorded in 2021 involved online shopping.

It's easy to fall for these scams. Some ads impersonate legitimate online retailers and drive you to look-alike websites. Often the pictures and descriptions are bogus.

Taking the following steps can help you shop more safely on social media sites:

- Look for a physical address and phone number. If there is no address on the company's website or if the seller is based overseas, think twice about buying. You risk not only a long wait to receive your purchase but also high shipping fees for any returns.
- **Read the fine print.** Look for spelling errors and odd disclaimers. Also, make sure there are privacy and return policies. Check all feed, including return shipping and restocking charges, and make sure you have a t least 30 days to make a return.
- **Hunt for signs of trouble.** Do an online search for the company's name and "reviews", "complaints", and "scam." Also check the Better Bureau, at bbb.org, and review sites such as TrustPilot.com. The problem of fake reviews is so rampant that the FTC is considering updating it guidelines.
- **Consider other sellers.** Look for the product or a similar one, on a website you trust. Check reviews and think about buying the product on that site if you have concerns.
- **Pay with a credit card.** You can dispute charges and get money back if the item never comes or you're unsatisfied and the company doesn't help you resolve your issue. The FTC warns consumers never to buy anything from an online retailer that requires payment with gift cards, money transfers (such as via WesternUnion) or cryptocurrency. Such a demand is a huge red flag.
- **Bonus tip**! It's also a good idea to lock down your own social media sites so you're less likely to be targeted by scammers. Change your privacy settings to limit who can see your activity, and see if you can opt out of targeted advertising. On Facebook, click on Account, then go to Privacy Center, then select Ads, go the Ad Settings, then under "Manage Data Used to Show You Ads," choose "Data about our activity from partners," and deselect options for Facebook and Instagram. Both are owned by the same parent company, Meta.

# January: Welcome in the New

Year with Hoppin' John, a traditional New Year's Day dish, and luck will follow you all year long!

Hoppin' John is a dish traditionally eaten in the southern United States on New Year's Day.

Dating back to the early 1800s, it is made with black-eyed peas (aka cow peas), rice, and meat (usually pork, in the form of bacon or ham). The meal can also include collard and corn bread. Named after a handicapped man who cooked and sold the dish in Charleston, South Carolina, in 1841.

The ingredients in Hoppin' John have symbolic importance, and eating this dish on New Year's Day portends good fortune in the new year:

Black-eyed peas: represent coins
Collard greens: represent greenbacks (dollars or cash)
Corn bread: represents gold
Pork: recall the cheap cuts of meat provided to enslaved people
Tomatoes: (if used) represent health
Sometimes the cook slips a dime into the dish before serving. It is said that wealth awaits the diner who gets the dime (and hopefully not a chipped tooth).

The first appearance of the recipe for Hoppin' John occurred in 1847 in a book titled "<u>The Carolina</u> <u>Housewife"</u>

Ingredients:

4 thick cut bacon slices, chopped

<sup>1</sup>/<sub>2</sub> cup yellow onions, chopped

1/2 cups cooked black-eyed peas or 2 pkgs (10oz) frozen black-eyed peas

1/2 cup white rice (Carolina Gold rice preferred)

1/4 teaspoon crushed red pepper flakes (or cayenne pepper)

1/4 teaspoon kosher salt

1/8 teaspoon freshly ground black pepper

Directions:

In a Dutch oven, cook bacon.

Add onions until bacon is crisp and onions are soft.

Add Black-eyed peas, rice, 1 cup of water, and red pepper flakes.

Cover and simmer over low heat until rice is cooked, about 20 to 25 minutes.

Toss with salt and pepper and serve immediately.
